Transmission Warranty

Brief Information

- Most of the cars in Singapore are fitted with automatic transmission
- It makes driving convenient
- But it is also very expensive when it breaks down
- The repair costs ranges from S\$1500 to S\$12000
- Surprisingly 60% of automatic transmission breakdowns attended by transmission rebuilders belonged to cars that are 5 years and younger

Symptoms of faulty Transmission

- Excessive shock when shifting gear
- Excessive vibrations at cruising speed of idling
- Delayed changing of gear
- No change of gear
- Cannot move at R/D mode
- Leaks or fluid puddles under car
- No power
- Sudden RPM increase

Solution to high repair bills

- Join TWM - Transmission Warranty Membership
- TWM provides warranty against breakdown of your Transmission for 12 months, 24 months or 36 months with Unlimited Mileage
- TWM will repair resotre or replace your Transmission in the event of Breakdown within the period selected.

| Makes & Engine Capacity | Price for 12 months S\$ |
